Subject Index to Volume 19

A

Analysis of some sensitizing agents in the pathogenesis of stress-induced gastric erosive disease, an, ... 195

B

Backward conditioning in Pavlovian type studies: reevaluation and present status 163
Blood pressure responses using opposing unconditional stimuli, tonic and phasic stimulus control of 149
Book Reviews
The hunger for salt: an anthropological, physiological and medical analysis 37
Consciousness: natural and artificial 38
The development of food preferences 200

C

CIANS annual meeting, preliminary program of the 40, 116

E

Editorial: when you are victimized by power ... 36
Editorial policy of rapid publication and broad coverage within the life sciences . 41, 117, 161, 202
Epileptogenic cerebral tumors, retention of orienting reaction habituation in patients with ... 16

G

Gastric acidity, ultradian rhythms of 32

H

Higher nervous activity in psychiatric patients . 144
How is linguistic memory accessed—a psychophysiological approach 119

I

Immobility reactions: a modified classification . 137
Integrative activity of the neuron, systems analysis of the 43

L

Linguistic memory accessed—a psychophysiological approach, how is 119

M

Maternal stress: differential effects upon male and female offspring responses to stress as adults, prenatal 157

N

Neuron, systems analysis of the integrative activity of the 43

O

Orienting reaction habituation in patients with epileptogenic cerebral tumors 16

P

Pavlov *vs.* Köhler: Pavlov's little-known primate research 23
Pavlovian Society
Abstracts of the 24th annual meeting of the .. 102
Future meetings of the 39, 115, 160, 201
Nominations for membership in the 41, 117, 161, 202
Postnatal development of respiratory and vocal responses during aversive classical conditioning in cats 169
Prenatal maternal stress: differential effects upon male and female offspring responses to stress as adults 157
Primate research, Pavlov *vs.* Köhler: Pavlov's little-known 23
Psychiatric patients, higher nervous activity in . 144
Psychophysiological and physiological aspects of t-wave amplitude in the objective study of behavior 182
Psychophysiological approach, how is linguistic memory accessed 119
Psychosomatic disturbances, of brain monoamines and REM sleep function, search activity in the context of 1

R

REM sleep function, search activity in the context of psychosomatic disturbances, of brain monoamines and 1
Retention of orienting reaction habituation in patients with epileptogenic cerebral tumors .. 16

S

Search activity in the context of psychosomatic disturbances, of brain monoamines and REM sleep function 1
Stress-differential effects upon male and female offspring responses to stress as adults, prenatal maternal 157
Systems analysis of the integrative activity of the neuron 43

T

Tonic and phasic stimulus control of blood pressure responses using opposing unconditional stimuli 149

U

Ultradian rhythms of gastric acidity 32
Unconditional stimuli, tonic and phasic stimulus control of blood pressure responses using opposing 149

Contributors to Volume 19

A

Angel, C. 137
Anokhin, P. K. 43
Astrup, C. 144

C

Constantinovici, A. 16
Creighton, D. 195
Curtis, G. 195

F

Ferrara-Ryan, M. 195
Florea-Ciocoiu, V. F. 16
Furedy, J. J. 182

G

Glavin, G. B. 157

H

Hall, J. F. 163
Hamilton, B. E. 32
Heslegrave, R. J. 182

I

Ivonomov, I. 37

L

Leccese, A. P. 200

N

Natelson, B. H. 32, 195
Newton, J. E. O. 137
Nicholas, T. 169
Nicolov, N. A. 37
